Mercruiser - Mercruiser 1.7DTI 120hp Marine Diesel Engine

£ 4,795

Description

Mercruiser 1.7DTI 120hp Marine Diesel Engine Set Up For Alpha 1 Gen 2 Sterndrive. This engine was taken in from a vessel which had been damaged and has since been disposed of. It has been checked over by our workshops and appears to be in very good condition for its age. The coolers all look good, the turbo waste gate moves freely and it starts absolutely instantly from cold. A short video of the engine running can be viewed at the following link: <https://youtu.be/vFp5SeXQguA> A used Mercruiser Alpha 1 Gen 2 Sterndrive and Transom Shield may also be available if required. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. For further information, please contact our office on 01935 83876
