
Vetus - M2.04 11hp Marine Diesel Engine Package

£ 1,895

Description

Vetus M2.04 11hp Twin Cylinder Heat Exchanger Cooled Marine Diesel Engine Package Complete With Gearbox, Control Panel & Wiring Loom. This engine was fitted new to a wooden yacht in the late 1990s and only used for a few seasons before the owner fell ill and the yacht came ashore. The yacht was broken up recently due to terminal rot and the engine supplied to us by the owners. Our workshops have fitted a number of new parts to the engine that were required after a long period of standing idle which included a new sump, sump gasket, heat exchanger casing, manifold gasket etc. It has also been fully serviced and repainted to a high

standard. It is now in excellent order and being based on the rugged Mitsubishi L2 base engine, offers an excellent compact twin cylinder suitable for a wide range of uses. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Please call 07809 524834 for further details.
