Yanmar - 6LP DTE

£ 4,495

Description

Yanmar 6LP-DTE 240hp Marine Diesel Engine Yanmar 6LP-DTE 240hp Six Cylinder Turbo Intercooled Marine Diesel Engine Set Up To Connect To Mercruiser Bravo Sterndrive. This unit was taken in as a PX from a customer who had kept it as a spare for his own boat which was sold some time ago, making the spare engine redundant. It is believed to have originally come from an ex MOD RIB. The engine has been test run and starts immediately, runs cleanly and holds good oil pressure. It is currently fitted with a Yanmar wiring harness and there is a new Yanmar control panel available if required at extra cost. It has been cleaned, serviced and repainted by our workshops making a cost effective replacement for a similar engine. We do also have the parts required to convert to shaft drive and fit a ZF Hydraulic gearbox if needed. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Please call 01935 83876 for further details.

Sales status: available

Manufacturer: Yanmar

Model: 6LP DTE

Condition: Used

Sale: Trade
