Volvo - D3-140

£ 12,995

Description

Volvo Penta D3-140 With SX Sterndrive Package - NEW OLD STOCK Volvo Penta D3-140 Sterndrive Marine Diesel Engine Package Complete With Instruments & Controls, SX Sterndrive, SX Transom Shield & Trim Pump, Stainless Steel Propeller Etc. This is a 2014 year package, brand new in its crate. It has been used for display purposes in a showroom and at various boatshows over the past 5 years and is now surplus to requirements. Due to age, the manufacturers warranty has expired but for peace of mind, we will give a 3 month RTB warranty on the package, starting from the date of commissioning to allow the new owner to trial the engine. This is a complete package of everything needed for a new sterndrive install and perfect for a small motorboat, RIB or workboat. Original retail price for this package was in excess of £22,500. Our price is £12,995 so a massive saving off the new price. Shipping can be arranged anywhere in the UK or Worldwide and part exchange of old engines is very welcome. Please call 07809 524834 for further details.
