**£ 4,195**

### Description

Iveco 8041 M09 95hp Marine Diesel Engine Package Iveco 8041 M09 95hp Marine Diesel Engine Package With Control Panel, Extension Loom & TM345 1.5:1 Hydraulic Gearbox. Can be supplied with alternative gearbox options or without gearbox if required. Engine is fitted with a Borg Warner bell housing. Taken as a part exchange against a smaller engine. One of our clients purchased this unit with low running hours to fit into a small fishing boat. Unfortunately it was then found that it would not physically fit into the space and so was part exchanged with us against a smaller engine. It has been tested by our workshops where it started absolutely on the button. It was run for 2 hours and the only issue noted was a small oil leak from an inspection cover on the timing case which has since had the gasket replaced and the leak cured. Fully serviced and ready to use. A very powerful 4 Litre naturally aspirated engine ideal for a large yacht, workboat or displacement motorboat, Would make a great replacement for a BMC 3,8 or Ford 4D, Ford 2712,2722 etc. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Please call 01935 83876 for further details.
