

Volvo - Volvo Penta MD17d 36hp Marine Diesel Engine Package
£ 2,295

Description

Volvo Penta MD17d 36hp Three Cylinder Sea Water Cooled Marine Diesel Engine Package Complete With Gearbox, Control Panel, Loom & Mounts. This engine has had very little use during its service life (sub 2000hrs) and was only removed due to the owners desire to upgrade to a heat exchanger cooled unit in order to run a hot water system. It has been fully serviced, steam cleaned and repainted to a good standard by our workshops and is now ready for more work. It starts absolutely instantly with a very clean exhaust when running. A really super traditional style engine and the very last of the heavyweight Volvos. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Please call 01935 83876 for further details.
